30th September 2027: Day One (D)

Today you'll be collected right from your front door (Newcastle, Hunter or Lake Macquarie) and travel comfortably to Sydney with your fellow travellers. To make the journey as relaxed as possible, we include an overnight stay near Sydney Airport—so there's no early start or rushing, just a calm and easy lead-in to your flight the following morning.

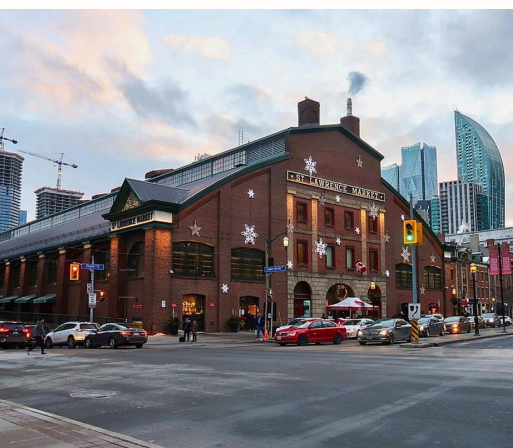

1st October 2027: Day Two (meals in flight, D)

Today we'll be flying to Toronto, Canada. The journey will take approximately 20 hours, depending on transit times; however, due to the time difference, we'll still arrive on 1 October. Dinner will be at the hotel, so you can get a good night's sleep after a long day of travel.

2nd October 2027: Day Three (B, L)

This morning we'll explore the city of Toronto – from the scenic harbour to iconic landmarks. Set sail on a scenic Toronto City Harbour Cruise and see the city from a whole new angle—right from the water! This relaxing cruise takes you across the inner harbor and around the picturesque Toronto Islands, offering some of the best panoramic views of the downtown skyline, CN Tower, and waterfront landmarks. Enjoy gentle breezes, open-air decks, and plenty of photo opportunities as your captain shares fun and informative commentary about Toronto's history, architecture, and vibrant shoreline.

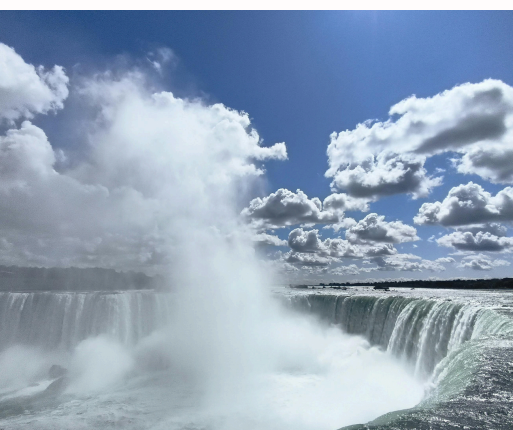

Then it is time to ascend one of the most recognizable landmarks in Canada – the CN Tower, a true architectural marvel. Standing at a soaring 553 meters (1,815 feet), the CN Tower once held the title of the world's tallest free-standing structure and continues to dominate Toronto's skyline today.

We'll pass by Old City Hall and Queens Park before arriving at the St Lawrence Market. Taste your way through two of Toronto's buzziest neighborhoods, and learn more about the different communities that have contributed to the city's culinary heritage. We'll stop off the traditional 'tourist trail' and visit where the locals eat. You'll try plenty of savoury and sweet dishes – from maple-glazed salmon to the famous Canadian dessert – a Nanaimo Bar. It's best to come hungry for our food adventure through the market. Afterwards our evening is at leisure.

3rd October 2027: Day Four (B, L)

Our day will be spent in Niagara Falls, just 90 minutes from Toronto. Start with the Hornblower Niagara Cruise, which is a thrilling way to experience the Falls. As you board the boat, you'll be taken on an unforgettable journey to the base of the falls, offering an unparalleled, up-close view of one of the world's most famous natural wonders. The cruise takes you right up to the thunderous Horseshoe Falls, where you can feel the mist on your face and hear the roar of the water as it cascades down into the river below. As the boat navigates through the

mist, you'll also see the American Falls and Bridal Veil Falls, which offer their own stunning views from the water. After taking plenty of photos of the Falls, we'll stop in at Niagara-On-The-Lake. Here you'll experience the charm and beauty of one of Ontario's most picturesque towns. The town is known for its historic significance, stunning 19th-century architecture and quaint atmosphere. Take a leisurely stroll along the tree-lined streets, where you'll pass well-preserved heritage buildings, boutique shops, and art galleries showcasing local talent. The town is famous for its Victorian-style architecture, and as you walk, you'll be transported back in time, making it feel like a step into history.

4th October 2027: Day Five (B, D)

With your luggage being transferred ahead, we'll step onboard VIA Rail to travel to Ottawa. Sit back in your business class seat and take in the views. From lakes and rivers to vast fields and urban skylines, the route linking Toronto to Ottawa offers an ever-changing landscape to enjoy!

After checking in to our hotel, we'll take a short walk to the famous Fairmont Chateau Laurier. Here we will take a guided tour as we go behind the scenes of Ottawa's most famous castle. Discover the hidden stories and explore the secrets of this majestic landmark. Learn about concealed passageways, hear about political rendezvous, and stand in the ballrooms where countless grand galas have taken place. You might even hear a ghost story or two! Afterwards, we'll have a drink in the iconic Fairmont Bar before having dinner at a local restaurant.

5th October 2027: Day Six (B, D)

The Rideau Canal links Canada's capital (Ottawa) with majestic Lake Ontario. We'll take a cruise along the UNESCO World Heritage-listed waterway and admire sweeping views over top attractions including the Canadian Museum of Nature, Château Laurier, Dow's Lake, and the National Arts Centre. Along the way, listen as your guide sheds light on centuries of colorful Canadian history. Fun fact: the Rideau Canal freezes every winter, making it a 7.8-kilometre ice highway right through the heart of the city!

Afterwards, we'll explore the city on a guided walking tour with a knowledgeable local, admiring Ottawa's striking Gothic Revival architecture and discovering its most iconic landmarks.

This afternoon we'll be visiting Mādahòkì Farm - an Indigenous-led cultural and agritourism destination situated on 164 acres in Ottawa's Greenbelt. It was created to "share the land" (that's the meaning of Mādahòkì in Anishinaabemowin) and to celebrate Indigenous traditions, history, food, stories and connection to nature. Here we will take part in some of the programs plus meet the rare Ojibwe Spirit Horses. The farm is home to this endangered species of horse – a historic breed with deep cultural significance.

Our visit culminates with a traditional Indigenous dinner and performance. More than a farm, Mādahòkì is a place to engage meaningfully with Indigenous culture, traditions and the land in a peaceful setting.

6th October 2027: Day Seven (B, D)

Back to our business class seats on VIA Rail, it's a quick two-hour journey to Montreal.

Montréal's chilly winters have inspired locals to get creative — and nowhere is that more evident than in the RÉSO, the city's remarkable underground network that we'll explore this afternoon. Stretching over 32 kilometres, it's the largest underground pedestrian system in the world, linking shopping centres, hotels, metro stations and cultural venues beneath the bustling streets above. Don't worry — we won't be covering all 32 kilometres! Instead, we'll enjoy a fascinating glimpse into this hidden city before continuing our tour above ground in the vibrant heart of downtown Montréal.

As we stroll through the historic streets, we'll pass many of the city's iconic landmarks — including the magnificent Notre-Dame Basilica, lively Place Jacques-Cartier and the charming Bonsecours Market — while hearing captivating stories and local insights that bring Montréal's rich history and culture to life in a way no guidebook can.

7th October 2027: Day Eight (B, L)

The drive from Montréal to Québec City is especially spectacular in autumn, when the countryside transforms into a brilliant tapestry of red, orange and gold. As you leave Montréal behind, the scenery quickly shifts to rolling farmland, quaint villages, church spires and sweeping views of the St. Lawrence River. The crisp air and vivid foliage make this one of the most beautiful stretches of road in Canada during fall.

Before arriving in Québec City, we'll stop at the impressive Montmorency Falls, a natural wonder that stands 83 metres high - a full 30 metres taller than Niagara Falls. Montmorency has long been an important landmark in Québec's history, once serving as a strategic site during the 1759 Battle of Québec between French and British forces. Today, it's celebrated for both its natural beauty and its historical significance.

No visit to Québec is complete without experiencing a sugar shack, or cabane à sucre, an iconic part of Québécois culture. Traditionally found in maple forests, sugar shacks date back to Indigenous maple-sap harvesting practices and later became central to French-Canadian rural life. We'll enjoy lunch at the sugar shack where you can expect more than a meal – it's a cultural experience!

8th October 2027: Day Nine (B, D)

Today we'll wander the historic streets of Old Quebec, and learn about the rich culture and heritage of this special city. See the Notre-Dame de Québec Basilica-Cathedral and the city fortifications, and explore the Quartier Petit Champlain. Part of our tour will include a trip on the funicular which connects the Lower Town (Basse-Ville) and Upper Town (Haute-Ville). In the upper town you'll have breathtaking views of the St. Lawrence River.

You'll have some free time this afternoon to explore the beautiful, quaint streets and shops of Quebec.

This evening, we'll enjoy a progressive dinner through the city, sampling our way through the charming streets of picturesque Old Québec. With stops at several carefully selected local eateries, we'll savour a variety of dishes that showcase the region's superb culinary scene. It's the perfect way to experience a little of everything - from classic Québécois flavours to contemporary creations - all while soaking up the atmosphere of this historic and beautifully lit quarter.

9th October 2027: Day Ten (B, Snacks, D)

Just 15 minutes from Old Québec lies the beautiful Île d'Orléans, often referred to as the cradle of French civilization in North America. On our morning tour you'll get to discover the island's rich history, authentic rural charm, and exceptional local flavours. From our hotel in Quebec, we'll cross the St. Lawrence River and begin our journey along the island's famous Route des Saveurs. This scenic route winds through picturesque countryside dotted with historic homes, church steeples, orchards and vineyards - landscapes that have remained largely unchanged for centuries.

Along the way, we'll stop at four carefully selected local producers for delicious tastings. Visit the charming Nougaterie de St-Pierre, where handcrafted nougats and sweet treats highlight traditional confectionery skills. At Cidrerie Bilodeau, sample locally produced cider, juice and apple jelly, while learning about the island's thriving apple orchards. Then, delight your palate at Vignoble du Miton, where you'll taste a selection of white, red and renowned ice wines.

Beyond the flavours, your knowledgeable guide will share captivating stories about the island's early settlers, the beginnings of Québec's colonization, and the legends that have been passed down (and sometimes embellished) over generations.

Afterwards, it's time to check in for our 10night/11day cruise onboard the Norwegian Pearl. The ship holds a maximum of 2394 passengers and we've chosen this for the amazing itinerary, cuisine and great value. It's also great to unpack once and be transported through New England's most beautiful towns. Stroll through Charlottetown's storybook downtown in Prince Edward Island. Admire the rugged coastline of Halifax, the world's second largest natural harbour. Savour real Maine lobster at one of the quaint restaurants on Portland's vibrant waterfront. Then follow the Freedom Trail in Boston and sample the beer at some of the historic taverns along the way.

Onboard you'll have included an unlimited beverage package, specialty dining onboard, free credits towards shore excursions and Wifi. In each port of call, there will be shore excursions offered by the cruise line. These are at an additional cost. Closer to departure we will go through the options and make recommendations for you. Each evening, we'll meet back up for dinner to share our adventures from the day!

10th October 2027: Day Eleven (B, L, D)

Port of Call: Saguenay (La Baie), Quebec – 7am to 3pm

The city of Saguenay, formed in 2002, is comprised of three boroughs: La Baie, Chicoutimi and Jonquiere. Chicoutimi and Jonquiere are situated on the shores of the Saguenay river and La Baie is found on the whimsically named, the Baie des Ha Ha! This French-speaking region is north of Québec City and is considered a small oasis in the midst of the nearly uninhabited Canadian wilderness.

11th October 2027: Day Twelve (B, L, D)

14th October 2027: Day Fifteen (B, L, D)

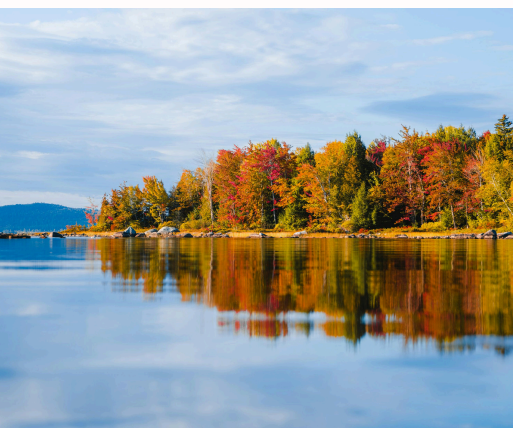

Port of Call: Halifax, Nova Scotia – 8am-4pm

16th October 2027: Day Seventeen (B, L, D)

Port of Call: Boston, Massachusetts – 8am-7pm

Welcome to an American city where history truly does come to life. Be sure to visit Bunker Hill Monument, Paul Revere's House, the Old North Church, Quincy Market and the mansions of Beacon Hill. Then wander Boston Common, the oldest public park in the U.S.

17th October 2027: Day Eighteen (B, L, D)

19th October 2027: Day Twenty (B, D)

Welcome to Philadelphia! It's time to disembark the ship and find our land legs again.

We'll make the most of our time - starting with a walking tour through historic Old City, where you'll quite literally walk in the footsteps of America's Founding Fathers. Led by an expert guide, this engaging tour brings the city's revolutionary past to life as you explore the landmarks that shaped the birth of the United States.

Along the way, you'll visit and pass more than 15 significant sites, including Christ Church, where many prominent revolutionaries once worshipped; Carpenters' Hall, the meeting place of the First Continental Congress; and the iconic Independence Hall, where the Declaration of Independence and U.S. Constitution were debated and adopted. You'll also stop for photos at over 10 notable locations such as the Liberty Bell, the Betsy Ross House, and the charming Elfreth's Alley — the oldest continuously inhabited residential street in America. Other highlights include Ben Franklin Court and the site of the former Ben Franklin Post Office.

As you stroll through cobblestone streets and historic squares, your guide will share fascinating stories of the Revolutionary War and explain how the events that unfolded here continue to shape the United States today. Ideal for history enthusiasts and first-time visitors alike, this tour offers both an in-depth look at America's origins and an excellent orientation to one of the country's most historic cities.

This afternoon, it's time to immerse ourselves in one of Philly's favourite things to do... eat! We'll visit the heart of the city and visit five distinctive eateries to sample iconic Philly favorites, such as cheesesteak, tomato pie, and soft pretzels. Make sure to save room for not one but two desserts at the Reading Terminal Market.

20th October 2027: Day Twenty-One (B, L)

Experience a very different side of Pennsylvania to Lancaster County's Amish Country. We'll leave the bustle of the city behind and travel into rolling farmland where life moves at a gentler, more traditional pace. Throughout the day, our local guide will share fascinating insights into Amish history, beliefs, and customs, helping you better understand this close-knit community and its centuries-old way of life. You'll see working farms, horse-drawn buggies, and beautifully kept homesteads as we explore the countryside. A visit to the Amish Village Museum offers a deeper look into daily life, with preserved buildings and exhibits that highlight traditional practices and values.

There will also be opportunities to browse local markets and shops, where you can purchase handmade Amish goods — from freshly baked pies and preserves to intricate quilts and crafts — each reflecting the region's strong agricultural roots and artisanal skills.

We'll enjoy lunch at a local restaurant, giving you the chance to savour hearty regional dishes and experience the warm hospitality the area is known for. Combining cultural discovery, scenic landscapes, and authentic local flavours, today offer a memorable introduction to one of Pennsylvania's most distinctive communities before returning to Philadelphia in the late afternoon.

21st October 2027: Day Twenty-Two (B, D)

It's time to experience the energy, excitement and unmistakable spirit of the Big Apple — because, as Frank Sinatra famously sang, "If I can make it there, I'll make it anywhere... It's up to you, New York, New York!" A city of iconic skylines, bright lights and endless possibility — welcome to New York City! Spending 4 nights' here in the city, there is plenty to see and do. We'll start tonight by experiencing a magical sunset over New York City from the water on an evening cruise. Sail along the Hudson River and admire views of landmarks such as the One World Trade Center, Battery Park, and the Statue of Liberty. Enjoy a champagne as the sun goes down and afterwards, we'll have dinner in a local restaurant.

22nd October 2027: Day Twenty-Three (B, L)

Today we explore the vibrant heart of Upper Manhattan, discovering some of New York City's most iconic sights and experiences. We begin with a visit to Top of the Rock at Rockefeller Center, where you'll enjoy breathtaking panoramic views over the Manhattan skyline. From this spectacular vantage point, you can see Central Park stretching north like a green oasis, the Empire State Building standing proudly to the south, and on a clear day, even the Statue of Liberty in the distance. It's the perfect introduction to the scale and energy of New York City.

Next, we stroll along glamorous Fifth Avenue, synonymous with elegance, luxury and history. Lined with world-famous flagship stores, architectural landmarks and cultural institutions, this celebrated boulevard offers a true taste of Manhattan sophistication.

From here, we make our way into the green heart of the city — Central Park, New York's beloved urban sanctuary. Spanning 843 acres, Central Park is actually larger than the principality of Monaco and was the first landscaped public park in the United States, opening in 1858. Designed by Frederick Law Olmsted and Calvert Vaux, it features more than 36 bridges and arches, seven bodies of water, and over 20,000 trees. As we wander along its scenic pathways, you'll quickly understand why it remains one of the most visited urban parks in the world.

For lunch, we'll dine at the iconic Tavern on the Green, beautifully set within the park itself. Originally constructed in 1870 as a sheepfold to house the park's grazing sheep, the building was transformed into a restaurant in 1934 and has since become one of New York's most celebrated dining destinations. Here, we'll enjoy a memorable meal surrounded by the tranquillity of Central Park — a wonderful contrast to the city's bustling streets.

We'll conclude our day in spectacular fashion at Times Square, known as "The Crossroads of the World." As evening approaches, the towering digital billboards come alive in a blaze of colour and light, Broadway theatres buzz with anticipation, and the energy is unmistakable. It's the perfect grand finale to a day that captures the very essence of Manhattan — from skyline views and elegant avenues to peaceful parklands and dazzling city lights.

23rd October 2027: Day Twenty-Four (B, D)

Today we discover the dynamic energy of Midtown Manhattan, where grand architecture, iconic landmarks and revitalised urban spaces come together to tell the story of New York's past and present.

We begin at the magnificent Grand Central Terminal, one of the city's most beloved architectural treasures. Opened in 1913, this Beaux-Arts masterpiece is famous for its soaring celestial ceiling, whispering gallery and the iconic four-faced clock atop the information booth — said to be worth millions. Beyond its beauty, Grand Central remains one of the busiest railway stations in the world, a true symbol of New York's constant motion.

From here, we continue to the legendary Madison Square Garden, known simply as "The Garden." Sitting above Penn Station, this world-famous arena has hosted everything from championship boxing matches and NBA finals to historic concerts by music legends. Even from the outside, it represents the heartbeat of New York's sporting and entertainment culture.

Next, we make our way to the vibrant Chelsea Market, housed in a former factory building where the Oreo cookie was first created. Today, this bustling indoor marketplace is a paradise for food lovers, offering an array of artisanal eateries, bakeries and specialty food vendors. It's the perfect place to enjoy lunch and soak up the lively, creative atmosphere that defines the Chelsea neighbourhood.

Afterwards, we step onto the innovative High Line, an elevated linear park built on a historic freight rail line. Saved from demolition by community activists, the High Line has become one of the city's most celebrated urban renewal projects. As we stroll above the streets, you'll enjoy unique views of the Hudson River, striking modern architecture, public art installations and beautifully landscaped gardens that change with the seasons. This evening, we'll enjoy dinner at a local restaurant.

24th October 2027: Day Twenty-Five (B, L)

Today we explore the rich history and vibrant character of Lower Manhattan and Brooklyn, where New York City was born and where its story continues to evolve.

Our journey begins in Lower Manhattan, the oldest part of the city and the very place where New Amsterdam was first settled in the 1600s. As we walk through its historic streets, you'll see how centuries of history sit side by side with soaring modern skyscrapers.

We visit Wall Street, the financial heart of the United States and one of the most influential economic centres in the world. Here you'll see the New York Stock Exchange, the imposing Federal Hall — where George Washington took the oath of office as the first President of the United States in 1789 — and the famous Charging Bull statue, a symbol of financial optimism and strength. This area offers a fascinating insight into the power and ambition that have shaped both New York and the nation. From here, we take in views of New York Harbor and the Statue of Liberty in the distance before making our way across to Brooklyn, crossing the iconic Brooklyn Bridge or travelling beneath the East River.

Arriving in Brooklyn, we step into a borough known for its creative energy, historic brownstones and spectacular skyline views. In the charming neighbourhood of DUMBO (Down Under the Manhattan Bridge Overpass), cobblestone streets and converted warehouse buildings create one of the city's most photographed scenes — especially where the Manhattan Bridge frames the Empire State Building in the distance.

We'll enjoy lunch at a local Brooklyn restaurant, savouring the borough's celebrated food scene. From classic New York flavours to innovative modern cuisine, Brooklyn is renowned for its diverse culinary offerings and relaxed, neighbourhood atmosphere — the perfect setting to pause and soak in the views back toward Manhattan's skyline.

Tonight, we'll finish our adventures with a Broadway Show – a fitting finale to our time in Eastern Canada and the USA.

25th October 2027: Day Twenty-Six (B, meals in flight)

This morning, enjoy some free time to soak up your final moments in the city — perhaps pick up a last-minute souvenir, revisit a favourite spot, or simply enjoy a leisurely stroll and a coffee as you reflect on the wonderful experiences we've shared.

In the early afternoon, we'll transfer to the airport and begin our journey home to Sydney.
